

Descriptive Movie Day

Descriptive Movie Day at BSS is your opportunity to hear a movie described in detail so you know what to expect when going to a theater that provides the necessary headsets. Staff attempts to obtain as many current descriptive movies as possible. Our goal is to show an action movie in the morning and a cartoon in the afternoon. If you have a movie you would like to share, please submit the title for approval. Our goal is to introduce consumers to an activity they can share at many theaters with family and friends. BSS now has a Blue Ray Player so we can share all media types.

On Thursday, April 20, we will be presenting these descriptive movies at BSS:

Movie Times are at:

9:30-11:30am – Rogue One/A Star Wars Story

1:30-3:30pm – Finding Dory
