

Blind Awareness Month

Low Vision Gadgets and Talking Technology Friday May 10, 2019

Blindness Support Services Inc.
3696 Beatty Dr. Riverside CA, 92506
Limited seating. Please RSVP (951)
341-9244 before May 10, 2019.

We recognize May to be Blind Awareness Month. We will have two presentations to demonstrate technologies to students, families and Friends. Many individuals that are blind/low vision utilize assistive technology at home, work, school and on the go. Sweetman Systems and Vispero will demonstrate solutions that empower individuals to become more independent in various environments.

Vispero

8:00AM-9:30AM

At Vispero, we inspire hope, determination, and independence through our family of brands: Freedom

Scientific, Enhanced Vision, Optelec, and The Paciello Group. Vispero will be demonstrating low-vision gadgets such as the new Enhanced Vision Smart Reader, the New Optelec Clearview GO, the new Freedom Scientific Omni Reader and the New Optelec Compact 6 with Speech.

Sweetman Systems

10:00AM-12:00 PM

Operating out of Southern California, Sweetman Systems provides assistive technology products and support. Sweetman Systems will demonstrate gadgets with speech output for individuals that are blind and dependent on speech for access. The Freedom Scientific El Braille, braille displays, Humanware victor reader Trek, BrailleNote Touch+ and more will be demonstrated.
